

## S.T.E.M. LAB

We are pleased to announce an afternoon program for four-year-old children based upon a S.T.E.M. curriculum. Children will experience hands on activities and have lots of fun while exploring different areas of science, technology, engineering, and math. There are four sessions this Fall each meeting once a month on the third Tuesday afternoon from 12:00 - 3:00 p.m. Please note that December's class will be on the second Tuesday. The dates of the four sessions are listed below. Each one will have a different topic and different activities based upon the theme of the day.

September 17	Wacky Weather
October 15	Spooky Science
November 19	Engineering and Physics
December 10	Christmas Chemistry

The fee for the four sessions is \$100 payable in full at the time of registration. Payment and registration are due by May 10, 2019. If you have any questions, please contact Donna Tipton at [dmot27@gmail.com](mailto:dmot27@gmail.com).
