

# STEM LAB

Our next session of STEM Lab is fast approaching. It's an afternoon program based upon a STEM curriculum. Children will experience hands on activities and have lots of fun while exploring different areas of science, technology, engineering, and math. There are four sessions each meeting once a month on the third Tuesday afternoon from 12:00 - 3:00 p.m. The dates of the four sessions are listed below. Each one will have a different topic and different activities based upon the theme of the day.

January 21	Crazy Chemistry
February 18	Physics and Math
March 17	Engineering Eggs
April 21	Natural Science

The fee for the four sessions is \$100 payable in full at the time of registration. If you have any questions please contact Donna Tipton at [dmot27@gmail.com](mailto:dmot27@gmail.com).
